

آموزش ساخت کانکشن VPN (L2TP) در iOS

ابتدا دستگاه خود را از طریق WiFi به Gerums متصل سازید.

The screenshot shows the 'VPN Gerash' configuration screen on an iPhone. The status bar at the top shows 'IR-TCI LTE VPN' and the time '12:50'. The screen has a 'Cancel' button on the left and a 'Done' button on the right. The 'Type' is set to 'L2TP'. The 'Description' is 'VPN Gerash'. The 'Server' is 'vpn.gerums.ac.ir'. The 'Account' is 'test'. The 'RSA SecurID' toggle is off. The 'Password' is masked with dots. The 'Secret' is 'gerums'. The 'Send All Traffic' toggle is on. At the bottom, there is a 'PROXY' section with three buttons: 'Off', 'Manual', and 'Auto'.
